Dear Mr Stoyanovich,

Re: 181 Greenbank Road – Proposed Shoppers Drug Mart

On behalf of the Craig Henry and Trend Arlington communities, I am responding to your June 12 letter to our community representatives offering proposed changes by Shoppers Drug Mart to the site plan for 181 Greenbank in response to concerns raised by our two communities.

Your changes have been accepted by the community representatives. The enhancements they will provide go a long way toward meeting our concerns.

In this regard I wish to inform you that the communities have subsequently decided not to appeal the rezoning of 38 Elvaston/181 Greenbank to the Ontario Municipal Board. Instead, we will continue to work with Shoppers Drug Mart and the City of Ottawa to ensure that the proposed changes outlined in your letter are implemented to the satisfaction of all parties.

I want to thank you for your efforts over the past several weeks in working constructively with our representatives to address the communities' concerns.

Sincerely,
